General Hospital

# ACCESSIBILITY

IT'S THE LAW

# Accessibility for Ontarians with Disability Act 2005

The purpose is to make Ontario barrier free and accessible to people with disabilities by 2025.

Under this legislation, the Government of Ontario has developed mandatory accessibility standards that identify, remove and prevent barriers for people with disabilities in key areas of daily living.

The standards apply to private and public sector organizations across Ontario.

West Haldimand General Hospital prepared its first Accessibility Plan in 2003 to identify, remove and prevent barriers to people with disabilities who work in or use the facilities and services of the hospital.

In 2011, WHGH developed a multi-year Accessibility Plan with the assistance of persons with disabilities to outline our commitment through to 2021.

The hospital has committed itself to the continual improvement of access to hospital facilities, policies, programs and services for patients and their families, staff, health care practitioners, volunteers and members of the community with disabilities.

32.1 Include accessibility considerations and individual accommodation plans in redeployment processes	Create process and policy regarding Redeployment Contact Human Resources and OHS coordinator to ensure compliance with this standard	2014	Complete

# Built Environment Standards (Design of Public Spaces)

Except as otherwise specified, this Part applies to public spaces that are newly constructed or redeveloped on and after January 1, 2016.

AODA Standard	Action Plan	Target Date	Status
<p>Exterior Spaces Ss. 80.16 Outdoor public use eating areas 80.21- 80.27 Exterior paths of travel including: ramps, stairs, curb ramps, depressed curbs</p>	<p>Develop check list of requirements for new builds or planned renovations of Exterior spaces</p>	<p>2016</p>	<p>Complete</p>
<p>Ss. 80.34 to 80.37 Accessible Parking Off-street parking facilities (lots) must provide the following two types of parking spaces for the use of persons with disabilities: distinctly indicated by erecting an accessible permit parking sign</p>	<p>Type A: parking space which has a minimum width of 3,400 mm and signage that identifies the space as “van accessible”. Type B: standard parking space which has a minimum width of 2,400 mm.</p>	<p>2016</p>	<p>Complete</p>

# Draft Built Environment Standards (Design of Public Spaces)

AODA Standard	Action Plan	Target Date	Status
<p>Ss. 80.39 to 80.41 Interior Spaces</p> <ol style="list-style-type: none"> <li>1. All newly constructed service counters and fixed queuing guides.</li> <li>2. All newly constructed or redeveloped waiting areas.</li> </ol>	<p>AODA requirements will be built in to capital request for any newly constructed or redeveloped Interior Spaces</p>	<p>2016</p>	<p>Complete</p>
<p>Ss. 80.42 Maintenance of Accessible Elements</p> <ol style="list-style-type: none"> <li>1. Procedures for preventative and emergency maintenance of the accessible elements in public spaces</li> <li>2. Procedures for dealing with temporary disruptions when accessible elements required under this part are not in working order.</li> </ol>	<p>Maintenance of Accessible Elements will be monitored through Workplace Inspections, Pre-Use Inspections and Health and Safety policy Notice of temporary disruptions posted and announced within the facility as well as the website's scrolling banner</p>	<p>2016</p>	<p>Complete</p>

IASR - The Integrated Accessibility Standards Regulation establishes accessibility standards and introduces requirements for Information and Communications, Employment and Transportation. The Integrated Accessibility Standards Regulation also establishes the compliance framework for obligated organizations.

Accessible Formats - Formats that are an alternative to standard print and are accessible to people with disabilities. Accessible formats may include but not limited to large print, Braille, e-mail, simplified summaries, recorded audio and electronic formats.

Communication supports: supports that individuals with disabilities may need to access information. Some examples include plain language, sign language, as well as reading the information out loud to a person with vision loss, adding captioning to videos or using written notes to communicate with someone who is hard of hearing.

Web Content Accessibility Guidelines - is an international standard for making websites and web content accessible to people with a wide-range of disabilities. A team of experts from around the world developed WCAG.

External Partners - Entities such as customers, suppliers, partners, government regulators, and the society, which interact with an organization and may influence its performance, but are not under its direct control.

Kiosk - means an interactive electronic terminal, eg. Electronic banking machine, intended for public use that allows users to access one or more services or products or both.

# DEFINITIONS

**IASR** - The Integrated Accessibility Standards Regulation establishes accessibility standards and introduces requirements for Information and Communications, Employment and Transportation. The Integrated Accessibility Standards Regulation also establishes the compliance framework for obligated organizations.
